

Portage Collegiate (PCI) Power Mechanics Shop

LOCATION: WINNIPEG, MANITOBA

INDUSTRY: INDUSTRIAL

AREA: 7,380 SQ. FT

North Perimeter Construction Ltd. was contracted to supply and erect a hybrid metal building. The steel frame building features a monoslope roof and a 17'6" eave. The exterior walls are composed of conventional steel stud and plywood sheathing with a hollow brick veneer and exterior metal cladding. Interior walls feature a cinderblock base wall and interior metal wall and roof liner.
